

SPECIFICATION AMENDMENTS

Please amend paragraph no. [0025] as follows:

[0025] As used herein, the terms "connect", "connection", "connected", "in connection with", and "connecting" are used to mean "in direct connection with" or "in connection with via another element"; the terms "mechanically connect", "mechanical connection", and "mechanically connected", "in mechanical connection with", and "mechanically connecting connection" means in direct physical connection to form a monolithic unit such as bonded, fused, or integrated; and the term "set" is used to mean "one element" or "more than one element"; the terms "up" and "down", "upper" and "lower", "upwardly" and downwardly", "upstream" and "downstream"; "above" and "below"; and other like terms indicating relative positions above or below a given point or element are used in this description to more clearly describe some embodiments of the invention. However, when applied to equipment and methods for use in wells that are deviated or horizontal, such terms may refer to a left to right, right to left, or other relationship as appropriate. As used here, the terms "up" and "down"; "upper" and "lower"; "upwardly" and downwardly"; "above" and "below"; and other like terms indicating relative positions above or below a given point or element are used in this description to more clearly describe some embodiments of the invention. However, when applied to equipment and methods for use in wells that are deviated or horizontal, or when such equipment are at a deviated or horizontal orientation, such terms may refer to a left to right, right to left, or other relationship as appropriate.
